

Hello Class 1

I'm delighted that I'm going to be your Year 1 class teacher in September! I am really looking forward to getting to know you and your parents, when you come to Class 4. I have taught at West Heath for quite a long time and have taught in every year group, more than once, but I think **Year 1** is my favourite! I **LOVE** teaching all subjects, especially **phonics and reading**. When you come to Year 1, you will learn lots more sounds and your parents will be even more amazed with your reading. 😊

Some of you may know that I am from Scotland. I love to visit my parents and my family there during the holidays, as well as going to different places around the world too. When I'm at home, I really enjoy getting out in the fresh air to go for long walks and picnics with my husband and daughter.

Your Questions About Being In Class 4 . . .

When you are in Class 4, you will use all of your fantastic learning from Reception to help you to learn even more. I'm sure you'll look super smart in your **school uniform**. You will have your own place to sit and your own chair in class 4. Lots of **your friends** from Reception will be in class and we'll be just across the corridor from **Miss Lippet's** class, so you'll probably see her quite a lot. My **favourite colour** is light blue – our classroom colour. We do usually have **trips and visits** in Year 1 and hopefully we will still be able to take part in these: a teddy bear's picnic, a trip to the Lickey Hills, to fly the kites we make and a trip to and from the Fire Service.

I hope the video also helped to tell you a bit more about being in Year 1. Please don't worry about coming back to school, Miss Westwood and I will be here to help and answer any more questions when you come back in September. We'll have lots of fun together in class and help each other to settle back into school.

Have a lovely summer with your family. Take care and have fun.

From Mrs Clews 😊
